Old Business: Various announcements were posted as needed

New Business: March: Daily visits average 343, monthly visit 10,647 This is the largest number of visitors we have had in recorded history. This is attributed to a focused effort on spreading the message at meetings to push the website as a resource for newcomers. The time of day most often visited peaks at 5:00 pm, with 6:00 pm and 7:00 pm being the next highest time slots. This indicates visitors looking for meetings in the evening. The meeting page remains the top visited page. Events is second. Announcements is third. 31 visitors were referred from facebook (interesting stat)
