Via Google Calendar.

SITUATIONS/CHANGES:

Do all committee chairs have access to their
respective emails? Please see me if you do not.

The plug-in to have the contact form entries
sent directly to the different positions doesn't
work well. It allows too much spam to come
through. For this reason, the contact form entries
are sent to me. I can forward them accordingly,
but I need to know if everyone has access
to their email address. I can also have your committee
emails forwarded to personal email addresses.

Just get with me :)
