 - Question/Concerns:
 - 1500 are printed every month, H&I has not been taking their usual allotment
 - Jay (Lit Chair) said his experience at other areas is quarterly printing
 - Each group usually get 20 lists, so a suggestion was made that size of the meeting matters as well as the usual number of newcomers in attendance and the possibility of those smaller meetings take fewer and allow the larger meeting to take more
 - changes to meeting places/times will only be reflected every three months vs. every two months
 - A question was asked “What is the frequency of meeting changes? To help determine the impact of moving to a quarterly printing schedule. An answer was not available
